

SPONSORSHIP OPPORTUNITIES

WINGSForum is the only global conference devoted to the infrastructure for philanthropy. Held once every three years, it is the main opportunity for philanthropy infrastructure organizations and leaders in global philanthropy to network, learn from each other and deeply explore how can philanthropy more successfully contribute to development.

Organized by WINGS, a worldwide network of philanthropy infrastructure organizations, WINGSForum will take place in Mexico City on Feb 22-24, 2017. A primary financial, political and cultural center of Latin America, Mexico City is a wonderful backdrop for our global community of philanthropy influencers.

The conference will explore essential issues of philanthropy, including the shrinking space for civil society, new and emerging trends in grantmaking and private social investment, responses to critical global issues at hand, practical skills and knowledge needed to propel infrastructure organisations forward, and much more!

Bringing together more than 300 delegates from 50 countries, representing over 20,000 foundations, grantmakers, and social investors from all regions of the world, WINGSForum is an unrivalled opportunity to reach a globally diverse and sophisticated audience. We encourage you to take advantage of this unique chance to participate as a sponsor.
